Paper to digital, input to output...
document handling has never been
this easy and efficient.

The WORKiO line of digital imaging systems is dedicated to making information handling as easy as possible. Whether you are copying, printing from your PC, e-mailing as an attached file or simply storing documents as digital files for easy retrieval later, WORKiO does it all. Panasonic's expertise in designing and engineering reliable and user-friendly office equipment has gone into the creation of the new WORKiO DP-1510P. It's the ideal multi-function copier/printer just right for small workgroups and growing businesses.

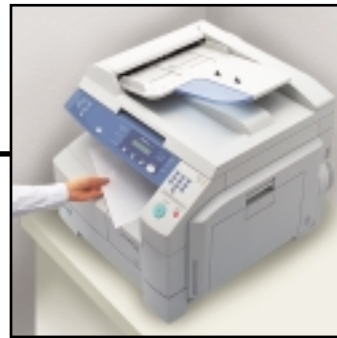

The compact, versatile solution to all the needs of a small to medium office or work group.

You know you need a copier with a printer and scanner that can be networked with your PC's. However, space is limited.

THE WORKiO SOLUTION – 1

Space-saving design with multi-function convenience.

The WORKiO DP-1510P combines a copier, scanner and network printer functions in a compact unit. It copies and prints on paper as large as A3 size, yet it's small enough to fit in a corner because the inner paper tray output design means no extra protruding paper trays.

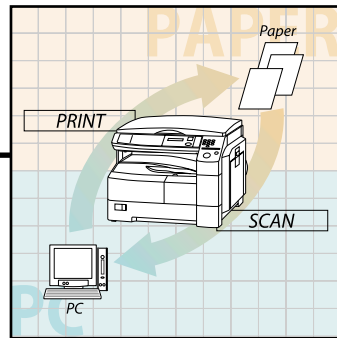

Your paper and digital documents are stored everywhere and anywhere! You need to organise your document workflow.

THE WORKiO SOLUTION – 2

Handle input and output in one place.

Organising all of your work, both paper and digital, is easy with the WORKiO DP-1510P. The scanner function makes all your document data instantly accessible from your PC. The Document Management software allows you to easily save, edit, search and share the stored documents with everyone in your work group.

You want a machine that meets your needs without being complicated – a machine that everyone finds easy to use.

THE WORKiO SOLUTION – 3

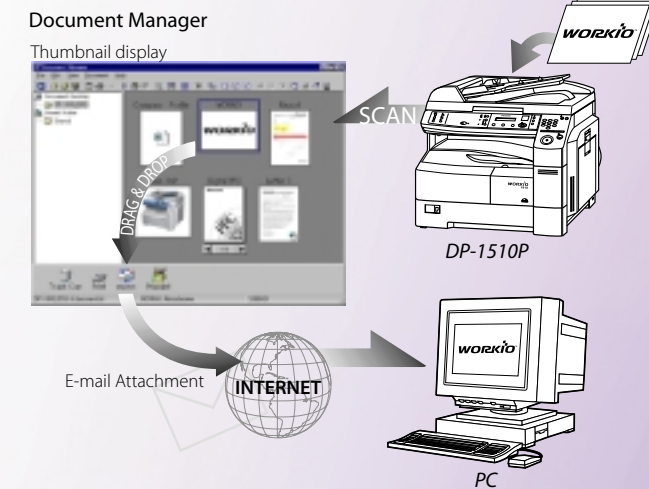

A well designed front panel with only the features you need.

The WORKiO DP-1510P offers the features a growing business needs, without excess complexity. Following Universal Design principles for ease of use and accessibility, its control panel is set low and angled for convenient operation. The clean layout has buttons that are easy to see and operate.

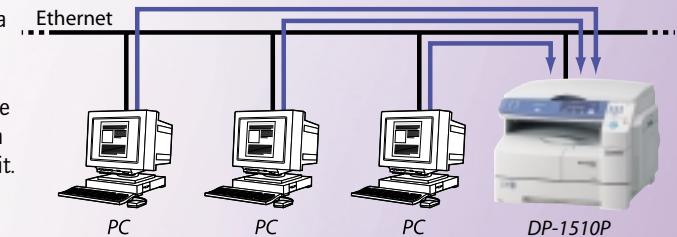

Versatile Document Management System

The WORKiO DP-1510P comes supplied with Document Management software that gives you efficient, versatile control over your documents. Installed in your PC, it makes your scanned-in data easy to manage, edit and even share on network PCs. Images can be manipulated in many ways, including superimposing text and graphics. It's a snap to send documents via e-mail – just attach them directly to e-mail messages with a simple drag-and-drop operation.

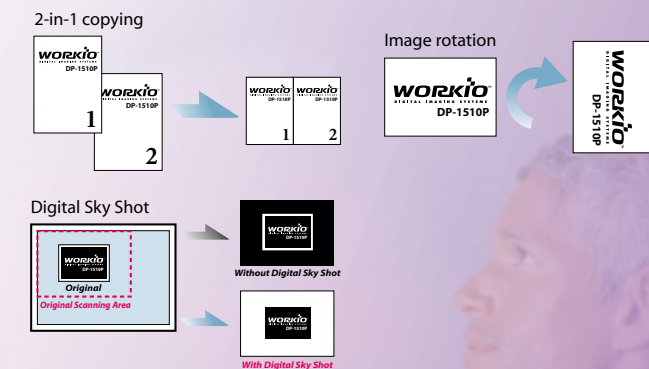

Networkable A3-Size Laser Printer

Connected to your PC, the WORKiO DP-1510P becomes a high-speed 15 ppm laser printer with 600 x 600 dpi resolution. Unlike most PC printers, it can handle paper sizes as large as A3. Its Ethernet 10/100BaseTX interface makes it ready for use as an office network printer, and a fast network printer with the optional PCL6 Emulation Kit.

High-Speed Digital Copier

As a digital copier, this versatile machine delivers a brisk 15 pages per minute up to A3 size. You'll also appreciate its many efficient features. 2-in-1 copying reduces paper usage by fitting two reduced images on one sheet. Digital Skyshot lets you copy small-size originals without annoying black borders. And Image Rotation gives you accurate copies regardless of the original's orientation.

Energy-Saving Design

The WORKiO DP-1510P has a number of features designed to conserve energy and keep operating costs to a minimum. The Energy Saver Mode significantly reduces power consumption when the machine is idle. And when the WORKiO DP-1510P enters Sleep mode, power consumption drops to approx. 2.2 Wh.

As an ENERGY STAR® Partner, Panasonic has determined that this product meets the ENERGY STAR® guidelines for energy efficiency.
