

FALCO  
**ECOM**  
ACCESS CONTROL SYSTEM

<< YOUR ANSWER TO  
**TOTAL SECURITY &  
CONTROL** >>

**FALCO-ECOM System**

- In & Out Reader
- Easy to use  
(By proxing access card to reader)

- One controller per door

09:00

- Records entry and exit time

- PC monitoring  
Door release by PC

Is yours just as efficient?

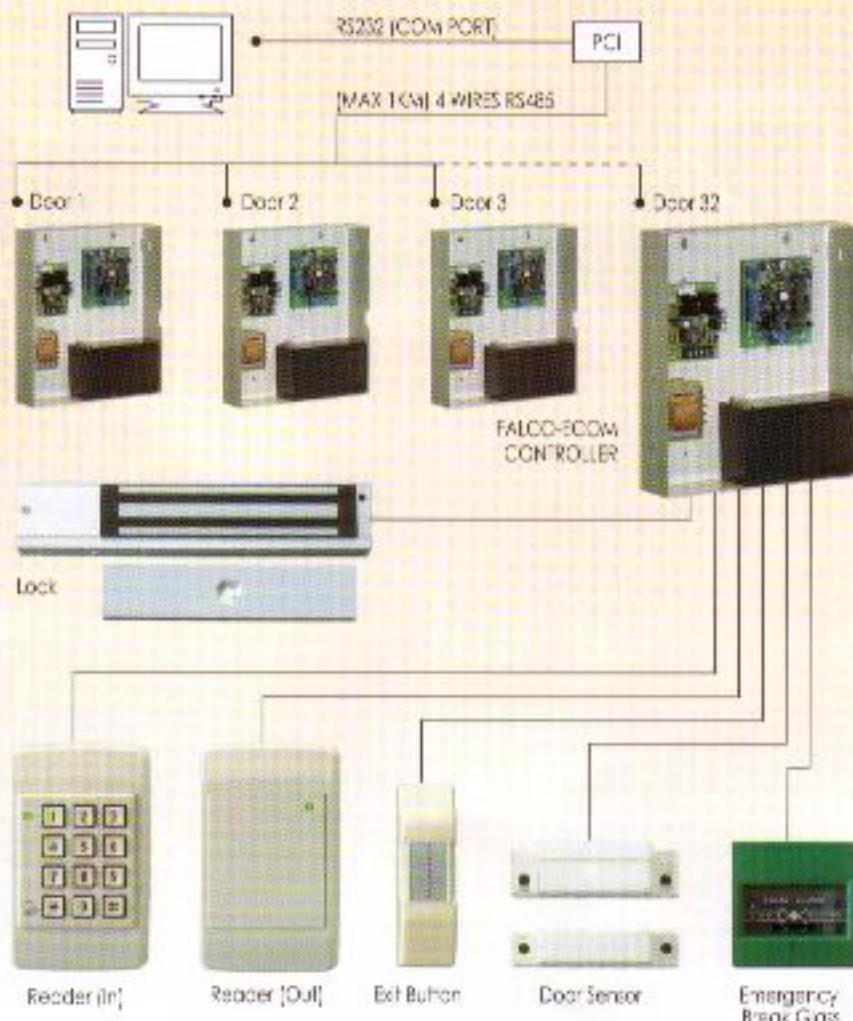

Facing problems of a system easily abused by staff, inaccurate and incurs extra running costs for service and maintenance?

Problems solved. Introducing FALCO-ECOM Access Control System. Unlike punch card and any other systems, FALCO-ECOM is tamper-proof, efficient and cost-effective.

The screenshot displays two windows of the FALCO-ECOM software. The top window is titled 'FALCO-ECOM Staff Attendance Management System' and shows a grid of attendance records with columns for Date, Registration, Card No., Name, Door, Time In, and Time Out. The bottom window is titled 'Personal Card Info' and shows a form for entering personal details like Name, Card No., and Photo, along with a list of registered cards.

Date	Registration	Card No.	Name	Door	Time In	Time Out

## System Configuration

### No high wire, labor & equipment costs

Hassle-free system installation makes set-up quick and easy without adding up to your bottom line.

### Instant "Plug & Operate"

Forget long, tedious programming instructions. Pre-programmed user's guide with access group database and time schedules allow the system to be set up and run in just 10 minutes, depending on user's access control needs.

### Record & Report Functions

Staff entry and exit time is automatically recorded. A detailed attendance report makes monitoring staff, OT claims and payroll processing a breeze.

### Fits Existing Window Based System

FALCO-ECOM can be integrated with your existing Window based personnel and human resource systems without any new system replacement. Thus, saving you a hefty sum.

### Flexible System Expandability

FALCO-ECOM system is designed with future expansion in mind. Users can always add doors minus the usual high-ceiling costs.

### Protection Against System Failure

With built-in back up power supply, the system is fully operational even during power failure. Users can easily upload and retrieve data if the PC crashes.

## System Features

- Windows 9X/NT, ME, Windows 2000
- User Definable Working Hour
- 32 Doors - In & Out Readers
- Door Release From PC
- 800 Cardholder (Expandable)
- Export data to third party
- 1200 Transaction (Expandable)
- Simple Time Attendance Report
- 30 Holidays
- Floor Plan (with Win Pro)
- 20 User Timezones
- Floor Plan Auto Pop Up (with Win Pro)
- (Mon - Sun plus Holiday)
- Cardholder Photo Display (with Win Pro)
- 20 User Timesets (3 intervals)
- Door Bell or Alarm Output (Optional)
- 72 Access Group Level
- Support All major Reader Technologies
- Anti-passback
- 3 modes of Operation
  - Card
  - Card & Pin
  - Pin
- Continuous Reading of Cards Even When Door is Open
- Card lockout to disable cards with 3 successive incorrect card (Card lockout can be manually reset based on time)
- Easy to Service (Using Pluggable Connector)
