KX-TC2000MLF

KX-TC2000MLS

# KX-TC2000ML

This new model joins the popular line of Panasonic cordless phones. Featuring a host of reasonable functions, including illuminated keys, a locator button, speed dialling, and redialling, it also delivers clear sound, thanks to Sound Charger Plus noise-reduction technology. The gently curved design blends well with interior decor, and the handset offers stable, comfortable operation.

## Outstanding Features with Built-in Quality

### 10-Station Speed Dialer

Let you store and quickly dial as many as 10 frequently called phone numbers.

### Lighted Handset Keypad

This feature will assist you when operating the unit in a dark room.

### One-Touch Redial for Last Number Dialed

This function dials the number that you most recently used. If the line's busy when you call, just press the redial button to call back – it's fast and easy.

### Handset Locator (Paging)

If you can not find your handset, press the "Locator" button on the base, and the handset will beep.

### Up to 14-Day Standby/5-Hour Talk Battery Life\*

After the battery is fully charged, the unit can last up to 14 days in the standby mode, or up to 5 hours in the talk mode.

### ■ User Programmable Timed Flash

This function, which is necessary for Call Waiting and PBX (switchboard) use, makes sure that you won't accidentally cut the line while a call is on hold.

### ■ One-Touch Tone Switching

Allows you to temporarily switch from pulse dialing to tone dialing at the press of a button.

### ■ Wall Mountable

Here's no need to worry if you can't find a suitable place to put your KX-TC2000. You can mount it right on the wall for functional use.

### ■ Sound Charger™ Plus Technology

This technology is designed to help filter out background noise and enhance overall sound quality for cordless phones. You can enjoy mobility with impressive, dynamic sound quality.

### ■ Any Key Talk

Press any of the 12-keypad keys on the cordless handset to answer and speak.

### ■ Battery low indicator

### ■ Programmable tone (DTMF)/pulse settings on handset

### ■ Insertable pause (time delay)

### ■ Handset volume control (2-step)

### ■ Ringer control: low/high

### ■ 65,000 private digital security codes
