

UNIVERSAL  
MACHINES  
FOR ALL  
PAPER SIZES

*Top performance shredders from EBA are especially important where lots of sensitive and large size material has to be destroyed. A feed width of 405 mm means easy, reliable shredding of continuous computer printouts – typical EBA.*

Shred continuously into the exceptionally large capacity container up to 160 litres of shredded paper.

# LARGE VOLUME OFFICE SHREDDERS

The models series 3139, 3140 and 5140 are suitable for centralised use in large offices or entire departments. Available in different shred sizes up to security level 5.

## Common Features:

Automatic start/stop photoelectric-beam control, on/off switch with visual readiness display, modern keypad with optical indicators for "ready to operate", automatic reverse in case of paper jam with automatic cut-off, automatic cut-off when shred container is full and if door is open, double motor protection, sturdy steel cutting-mechanism which swallows paper clips (exception: micro cut 0,8 x 12 mm), straight cut or cross cut.
